

HOMEBREW *Hillsborough*

Local Area Networking (LAN)

FRIDAY, JUL 28

@ 8:30am

UNIVERSITY OF
SOUTH FLORIDA

RESEARCH AND INNOVATION

USF RESEARCH PARK 3814 SPECTRUM BLVD, TAMPA, FL 33612

Join us for a visit and tour of the new building at **USF Research Park**, a hub for **biotechnology, life sciences research, and entrepreneurship**, providing the physical structure and community for collaboration, innovation, development, transfer and commercialization of technology. The Research Park and its growing community enable student internships, faculty collaborations, licensing and joint creation of intellectual property, and facilitation of corporate partnerships.

It is also home to the **University's Tampa Bay Technology Incubator (TBTI)** that supports both USF spinout companies and community startups through their early stage of commercialization utilizing state-of-the-art facilities, scientific equipment, and programming. Another component is the **Student Innovation Incubator (SII)** that helps turn current USF students' business ideas into reality

To Register: <https://www.meetup.com/Homebrew-Hillsborough>

Bring your EDi2 coffee mugs and see you there!

Homebrew Hillsborough is a **collaborative coffee networking** for techies and entrepreneurs. We're taking the conversation to a community business resource near you and providing **real-time relevant tech talks and tours**.
